Director's Message

It gives me an immense pleasure that Seth Anandram Jaipuria School is bringing out its school's magazine for the academic year 2024-25 to reflect its achievements and accomplishments in its curricular and extracurricular domains. The school provides a perfect atmosphere for nurturing talent, cultivating skills and maintaining values of life. Seth Anandram Jaipuria School is a prestigious institute in the field of education. Our mission is to make quality education accessible to the new generation, who are the future of our country.

There is nothing more valuable to a parent than his child and when a parent imposes faith with this belief in us, it becomes a task of a lifetime. Keeping that in mind it's no surprise when I reiterate to my staff the paramount importance of morality and ethical values by reminding them of wise saying - "After certain time kids don't remember what you taught them but what you were".

Children must learn Love, care share and prayer so that they become sensitive to the well being of others and the world outside. These values add excellence to the character. They liberate us from narrow and negative thinking and help us to evolve into better human beings.

I congratulate the entire team for its concerted effort in reemphasizing the core value of moral education and wish that the process will continue and go a long way in enriching the educational heritage for the holy city.

Finally I must add that the students of our school are making us ever so proud by the conduct of their educational and social aspects of life. They are bringing glory to themselves, their families, to us and above all to the nation. I wish them all the success in life.

Manager's Message

The school exists only for the students and all the activities here are centered and at tuned to cater the educational needs of the students in acquiring knowledge, skill, attitude, values and behaviour through opportunities and platforms. This requires committed and dedicated staff in duty to create an environment of result oriented teaching-learning process.

True education, therefore is possible only when the school and the family correspond to each other in evaluating, monitoring and pursuing the growth, change and progress in them. This also means students must mind our efforts and hard work in shaping their future and thus, we need to correspond together in the serious task of teaching-learning.

Thank you! Dear parents, for having confidence and faith in our school and staff and for giving us the opportunity to serve you and your wards. Yes, we do our best to come up to meet your expectations, despite our limitations, challenges and failures.

Seth Anandram Jaipuria School envisages in imparting value based education, covering intellectual, emotional, social and spiritual spheres. It means to teach them socially to love, forgive, peace, share, respect, care, democracy, freedom and social justice; to understand and appreciate the values of every culture and religion; to respect, enrich and preserve the environment; and to realize that we are all God's children.

May Almighty God bless our school, our management, staff, students and parents in pursuit of knowledge and guide us towards the Way, the Truth and the Life.

Additional Director's Message

I am delighted to extend my warmest greetings to all of you and feel proud to share that the journey of Seth Anandram Jaipuria School has indeed been a rewarding and humbling one. The passing years saw the school grow from strength to strength. Today School sees itself as the premier educational institute in the city.

In our School you will find a kaleidoscope of events, experiences, and achievements that capture the essence of our institute's environment. From a multitude of academic achievements to a diverse array of cultural celebrations, from notable accomplishments in sports to impactful endeavours in community outreach, each individual's contribution serves as a testament to their exceptional talents and pursuits.

Our objectives of imparting professional education, combined with fostering innovative thinking, application of knowledge, inculcating professional ethics and consciousness to social responsibilities, are being met at School in an integrated form. Our core values of knowledge, character, excellence, integrity, transparency, quality, teamwork, execution with passion, trust, continuous and student-centric learning are all closely integrated into our academic programs. We believe in lifelong learning & training leading to benefits of the society. I am confident that with the concerted efforts of team the School will continue to scale up to the greater heights of excellence in the years to come.

We all must continue to foster an environment of inclusivity, respect, and empathy. Let us continue to strive, to create an environment that encourages diversity of thought, where every voice is heard, and every idea is valued. Through collaborative efforts, it is possible to uphold the integrity of our educational institution as a nurturing environment where intellectual growth thrives and empathy reigns.

At last, I extend my best wishes to each and every one of you. Let us always move forward with purpose, compassion, and a commitment to excellence.

Principal's Message

As we come to the close of yet another rewarding year at Seth Anandram Jaipuria School, it is my privilege to share the wonderful milestones we've achieved together.

"As we look back on this year, we celebrate not just what we've achieved, but the incredible journey of growth, learning, and transformation."

This magazine is not merely a collection of memories but a vibrant participation in co-curricular and extracurricular activities of students. From inter-school debates, quizzes, and cultural events to district-level sports tournaments, our students have excelled in every area.

"This year, we didn't just prepare our students for exams—we prepared them for life's greatest challenges and its most rewarding opportunities."

I believe that every child possesses a hidden talent waiting to be discovered. This year, we had the privilege of witnessing extraordinary performances where students expressed themselves through music, dance, and drama. These performances were a celebration of individuality and collaboration, reminding us that art is not only a form of expression but also a bridge that unites hearts and minds.

"Our school isn't just about teaching—it's about inspiring, empowering, and creating the next generation of leaders, innovators, and changemakers."

We have always believed that competition should be viewed as an opportunity for growth, not just as a race to the finish line. Our students have demonstrated exceptional sportsmanship, whether they were on the sports field, in academic competitions, or during artistic showcases.

Together, let us build a future where education becomes the foundation of transformation.

None of this would be possible without the tireless support of our dedicated faculty, the guidance of our esteemed management, and the continuous encouragement of our Parents, as the first educators in a child's life, hold the profound responsibility of shaping their moral compass, imparting empathy, compassion and integrity as they navigate the complexities of the world. To our students, you are the heart and soul of our school, and we are deeply proud of each one of you.

As we continue our journey, let's carry forward the values of respect, excellence, and community, ensuring that the years to come are filled with even greater achievements and opportunities for growth.

“Intelligence plus character is the goal of true education” M. L. King Jr.

I, Varun Shukla (Coordinator of Senior Wing), believe that Education, in all its forms, plays a transformative role in the development of individuals and nations alike. It is the key that unlocks doors to opportunities, broadens perspectives, and empowers us to make informed decisions. I'm very honoured to introduce our school which empowers not only students but also its faculties to explore their interests, discover their strengths, and build a foundation for a successful future. The process of learning not only imparts information but also cultivates Moral ethics, critical thinking, problem-solving abilities, and effective communication skills through the perfectly governed by CBSE. I also thank the school authority to provide wonderful juncture to the students to show their enthusiasm in the field of sports and Science. I literally appreciate the school authority for providing realistic approach to the students to excell their talents by visiting varieties of learnable manufacturing companies. At last I thank all students who make us proud by winning many competition in clusters of sports. Jai Hind...

We believe in moving ahead with all our stakeholders and strongly feel that education is a shared commitment between dedicated teachers, motivated students and responsible parents. Together we can and we shall make the SAJS a best place for learning and growth.

We at SAJS strongly believe in a quote by the great Scientist and Philosopher Albert Einstein -

Co-Ordinator's Report

By education, we mean an all-round development of the child, in body, mind and spirit.”

Role of education in today's era is not only to pursue academic excellence but also requires overall development of a child. That is exactly what we try to achieve at SAJS rated one of the best educational institute of Naini, helping students to develop their mental, physical and social traits. The school organizes scholastic and co-scholastic activities round the year, that promote creativity and innovative thinking in students.

The Inter House Competitions help Students to nurture creative bent of mind, regular sporting activities bring about physical development in them. Our students with so much involvement in co- curricular activities perform equally well in academics. We are also the first school of the town that implemented digital classes, a definite edge in providing best education to our children.

Our Longview team is working together for the betterment of the society. Hope our devotion, hard work and sincerity will help in bringing positive change in our coming generations. I also take this opportunity to thank the parents of our school for having their faith and confidence in us. Lastly, I hope and pray that our students scale great height and keep the SAJS flag high.

Co-Ordinator's Report

With immense joy and gratitude, I pen down my thoughts for this magazine—a reflection of an endless energy that fueled our endeavors, the creativity that broke barriers, and the determination that turned challenges into stepping stones.

As we turn the pages of this magazine, let us remember, our story doesn't end here. It is only the beginning. Students who contributed their hearts and souls to this journey —Thank You. They are the architects of tomorrow. Remember, every great journey begins with a single step, and every success story starts with a simple idea. Every great scientist, artist, leader or innovator was once a student like you. You are the torchbearers of tomorrow, and within you lies the power to achieve greatness, spark change, and inspire others.

So, dear students, dream big, work hard, and never stop believing in yourself. You are capable of achieving the extraordinary.

It is often said that teaching is the profession that creates all other professions. I really appreciate my teaching faculty. The patience they exhibit, the energy they invest, and the love they pour into their work makes a lasting difference—not just in the lives of their students but also in the heart of the community. They are the cornerstone of this institution, and their contributions will echo for generations to come. Thank you for creating a legacy of excellence and for making this institution a place where dreams take flight and futures are built.

I would like to express my heartfelt gratitude to the most supportive management team. This magazine is not just a record of our achievements but also a reflection of unwavering support, trust and dedication of school management.

How can I forget to express gratitude to all the parents of our school. Their trust in our school and their encouragement for their children have been the bedrock of all that we have achieved. Their involvement and support motivates us to raise the bar higher and provide the best opportunities for children to thrive.

Let this magazine inspire us to dream bigger, achieve greater, and continue this legacy of excellence.

With admiration and best wishes,

Value of Time

Time is invaluable. Time once pass cannot be brought back by any means. Many of us do not realised this. They waste their time thinking that they would make up the loss in future so. If anybody wastes his childhood. He will not be able to acquire and build up character in future. It is rightly said that the time is the most precious than the money. It is very precious to all of us. We should value and respect the importance of time every single moment. Once it goes, never be back.

Struggle of Life

The is one thing that connects us all,
It is called struggle of life,
the one who didn't do it will surely fall,
as you can't get it twice.

The path of life is full of obtacle
Both human made and natural
without hard work nothing is possible
without hard work, you will face trouble

Life is a challenge and you must accept it
Life is an adventure and you must experience it
Life is a game and you must play it practically,
Life is a struggle and you must fight for it.

Either, do hard work for the first years of life,
Or do it for the rest of your lifetime.
Choice is in your hand, you must decide
Abandoning this choice is the biggest crime.

Thank you

Unbridled Strength

In every heart, a flame burns bright.
A spark within, that guides through night.
A woman's soul, a force so true
unshackled, it shines, for all to view

Her voice, a melody, so clear and strong
A symphony, that right every wrong.
Her heart, a sanctuary, of love and grace
A refuge, where hope finds its sacred space.

With every step, she paves her way
Through shadows dark, into a brighter day
Her spirit, unbroken, like a rising sun
Illuminating paths, for everyone

Her strength, a beacon, in every test
A resilient heart, that beats with every quest
Unbridled and twice, she stands tall and proud
A shining star, that lights the crowd.

Maths, Maths, Maths!!!

Down with old Pythagoras
Had down with rotten maths,
Down with Archimedes
And down him at the baths.

If anyone had to do it.
I'd make sure it was me.
First I'd wholly immerse him,
Thin back him up a tree.

When he had been disposed of,
I'd turn an old Pythagoras
I'd drag him through a holly bush,
And he'd come out like rag.

Now my pipe dream's over.
And I've nothing have to say.
Except that Maths still lives on
To be taught another day

नारी शक्ति

नारी से ही दुनिया सारी है,
नारी ही सब पर भारी है।
जो ना समझे नारी का मोल,
खोलते देखता नर्क के डोर।
बिना नारी के नर है अधूरा
क्या नर बिना नारी है पूरी ?
दोनों ही सिक्के के पहलू हैं।
दुनिया दोनों से ही चलती है।
यह ममता की नहीं परमात्मा की मूरत है,
जिसके एक नहीं अनेक सूरत हैं।

मत बाँटो इंसान को

मंदिर, मस्जिद, गिरजाघर ने, बाँध लिया भगवान को।
धरती बाँटी सागर बाँटा, मत बाँटो इंसान को।
अभी रात तो शुरू हुई है।, मंजिल बैठी दूर है।
उजियाला महलो में बंधी, हर दीपक मजबूर है।
मिला न सूरत का संदेशा, हर घाटी-मैदान को।
धरती बाँटी सागर बाँटा, मत बाँटो इंसान को।
अब भी हरी भरी धरती है, ऊपर नीला वितान है।
पर न प्यारे हो तो जग सूना, जलता रेगिस्तान है।

The Power of Gratitude

"The power of gratitude : How focusing on the position can change your life."

Gratitude is a beautiful way of enriching our lives. It refers to the feeling and attitude of appreciation and thankfulness feel the good which we receive in life. It has been proven scientifically that when we express our gratefulness to other people, we feel happier and color. Thus, it allows goodness to enter our lives for instance, when a stranger holds the door for you as greets you, it makes you feel happy.

However, it also makes us happy. When we express gratitude or receive it we feel happy either way. As a result, people who have gratitude do not stress out a lot. Similarly being full of gratitude makes society sensible.

The Happiest days of our lives

School days should be a happy time in a young person's life. what can make people's lives a misery during this time. In my opinion, there is one word which answer the question - bullying.

Unfortunately, bullying is quite common in schools where I live. it can affect students of any age, and both boys and girls. A friend of mine had a very negative experience at school. Last year a senior boy continuously used to bully my friend. Obviously, my friend felt very upset about this and it affected his self confidence. That's why he didn't want to come to school at all.

Bullying can be a nightmare. There are many ways we can do to prevent it. Hopefully, one day all students will be able to go to school without fear of being bullied. That day will be the happiest day for all the children.

Bullying

Bullying is a common problem among children and teens. Most people are involved in some form of bullying at one point in their life time. Whatever that means they are an innocent by standard, a victim of bullying as a bully themselves. According to stopbullying.gov Bullying is defined as 'unwanted aggressive behaviour among school aged children is a serious issue that can lead to emotional and physical harm, affecting the overall learning environment. School authority should take strict actions against bullying.

Wonder of Science

Have you ever looked up at the stars and wondered how they twinkle? Or maybe you've asked yourself how your phone can play games and show videos? The answer lies in the amazing world of science!

Science is like a magic book that explains how things work. Its all around us, from the air we breathe to the water we drink. Let's explore some cool scientific wonders :

Gravity :- Imagine throwing a ball up in the air and it comes back down to your hands. That's gravity pulling it towards the Earth! Gravity is what keeps us on the ground and what makes things fall.

The Human body :- Your body is made up of tiny cells that work together to keep you alive. It's like a tiny city inside you! The human body is made up of different system that work together to keep us healthy.

Apart from this there are other wonders too:-

Science is all about curiosity and discovery. Who knows what amazing inventions and discoveries await us in the future? Maybe one day you'll become a scientist and uncover the next big wonder!

Some famous scientists who changed the world include :

Isaac Newton : Discovered gravity and the laws of motion.

Albert Einstein : Developed the theory of relativity.

Marie Curie : Discovered radio activity and the elements polonium and radium.

You can be a scientists too! observe the world around you, ask questions and seek answers. Who know what wonders you'll discover ?

Mobile phone

Mobile is very harmful for us. Ultraviolet wave emitted coming from mobile is very dangerous for our eye sight. People are always busy in using phone, they never see the beautiful nature around us. We have to write a poem, story, script, etc, but we are always busy in phone. Because phone has attracted us to much. Scientists have research these already that after 20 years everyone will become slaves of phones. Come out from phone and enjoy a beautiful nature around us and Nature is a more and more beautiful than phone. If there is no phone we can live our lives very nicely but if there is no nature we can not live. But now if there is no nature we will not care about it, but if there is no phone we can not live without phone because our all work depends on phone.

Hindi Diwas

A day to celebrate language, culture and diversity

Hindi Diwas, celebrated on September 14, marks the adoption of Hindi as India's official language in 1949. The day highlights the importance of Hindi in uniting the nation and promoting cultural identity.

Events like essay writing, poetry recitals, and speeches are organized to encourage the use and respect for the language, celebrating its rich heritage and significance.

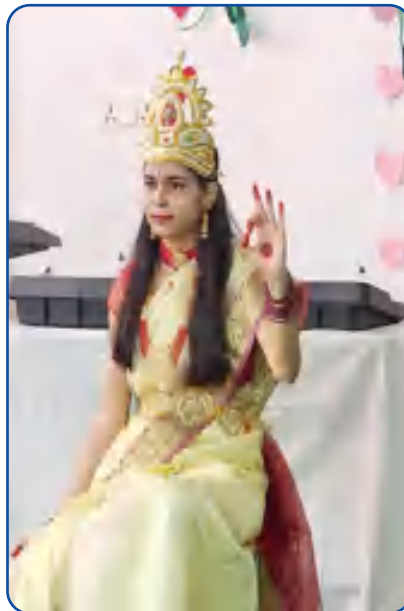

Teacher's Day Celebration

Teachers' Day, celebrated on September 5 in India, honors the birth anniversary of Dr. Sarvepalli Radhakrishnan, a respected educator and philosopher. The day recognizes the hard work, dedication, and impact teachers have on shaping students' lives.

Students express their gratitude through speeches, performances, and small gifts, acknowledging the vital role teachers play in education and personal growth.

Gandhi Jayanti

The school came together today to celebrate Gandhi Jayanti, marking the 155th birth anniversary of Mahatma Gandhi, the father of the nation. School teachers and students gathered to remember Gandhiji's & Lal Bahadur Shastri contributions to India's welfare. The day programme started with a lamp lighting then welcome song, skit, play & dance performance. Children dressed as Gandhi presented skits and recitations of his famous quotes. Cultural performances highlighting the importance of truth, simplicity, and unity in diversity captivated the audience.

Chief guest Dr.K.B.Pandey ,in his address, emphasized the importance of Gandhi's teachings in today's world, urging students to imbibe the values of self-discipline in their daily lives.

Cooking Without Fire

Cooking is about creating something delicious for someone you care about, and it doesn't always require fire.

The "Cooking Without Fire" activity was organized in school campus as a creative platform for participants to explore culinary skills without the use of any heat source. The event aimed to promote safety, foster creativity, encourage teamwork, and underline the importance of nutritious eating. This initiative aligns with modern-day needs to prepare simple, healthy, and hassle-free meals.

No Cracker Rally

Celebrate light, not noise : Say no to crackers

Seth Anandram Jaipuria School organized a rally today with enthusiastic chants and slogans like "Green Diwali, Clean Diwali" and "Burst Ego, Not Crackers" to raise awareness about the harmful effects of bursting crackers. The rally aimed to encourage the community to celebrate a "Green Diwali" by avoiding the use of firecrackers.

The students, along with teachers and volunteers, marched through the main streets of Chak Babura, Alimabad Naini carrying posters and banners with the message "Say No to Crackers".

School Additional Director Mr. Sushil Tiwari encouraged students. He urged that we all love celebrating Diwali, but we need to think about the future. A few minutes of fun with crackers can lead to serious environmental problems. School Principal Mr. Jai Prakash Pal praised the students' efforts and also encouraged students that their voices can make a big difference in transforming how we think about Diwali celebrations without firecrackers.

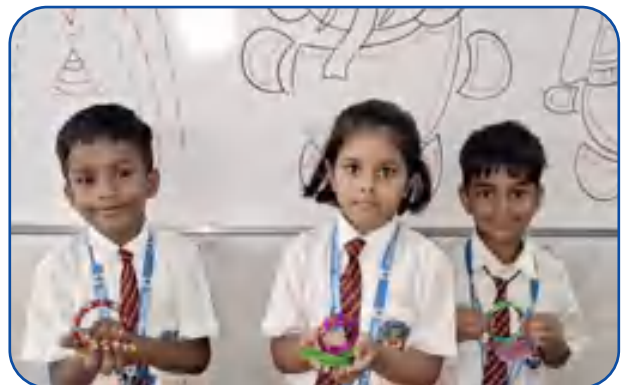

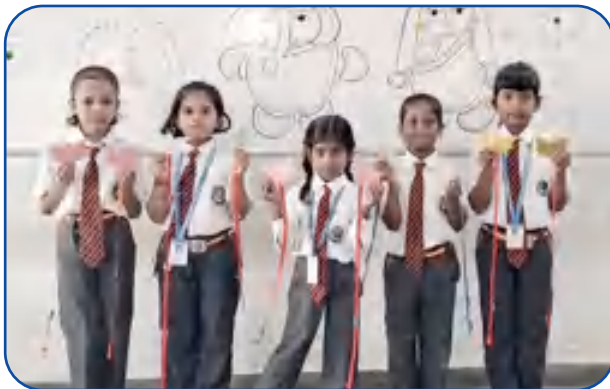

Diwali Activities

During Diwali, students engage in various creative and cultural activities to celebrate the festival of lights. These include decorating classrooms with rangolis, making diyas, and preparing traditional sweets.

Students also participate in cultural programs like dance, music, and drama, showcasing the significance of Diwali. These activities foster teamwork, creativity, and a deeper understanding of the festival's values of joy, prosperity, and light.

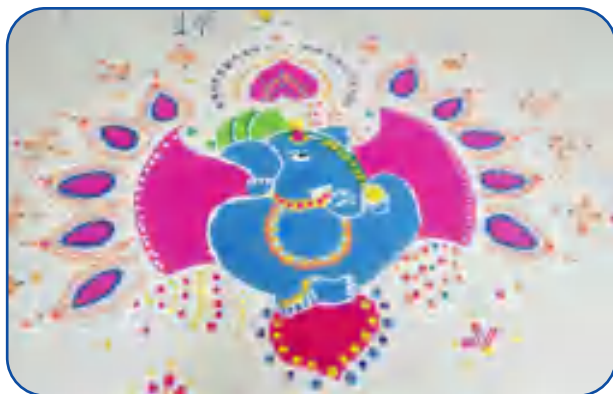

Rangoli Competition

A Rangoli competition in school is a vibrant event where students create colorful and intricate patterns.

The competition encourages creativity, teamwork, and cultural expression, while also fostering a spirit of celebration and appreciation for traditional art forms.

Children's Day Celebration

Children's Day, celebrated on November 14, is dedicated to honoring children and their potential. Schools often mark this day with exciting events like a Science Exhibition, where students display innovative projects and experiments.

The exhibition fosters creativity, critical thinking, and a passion for science. It encourages students to explore new ideas, learn through hands-on activities, and showcase their discoveries, making Children's Day both fun and educational.

Sports Day

A celebration of strength and spirit

Seminar

Empowering Growth through thoughtful discussion

Annual Excursion - 2024

An Adventure of a life time

The annual school excursion is a much-awaited event that blends learning with fun and adventure. Students get an opportunity to explore new places, bond with classmates, and gain practical knowledge beyond the classroom.

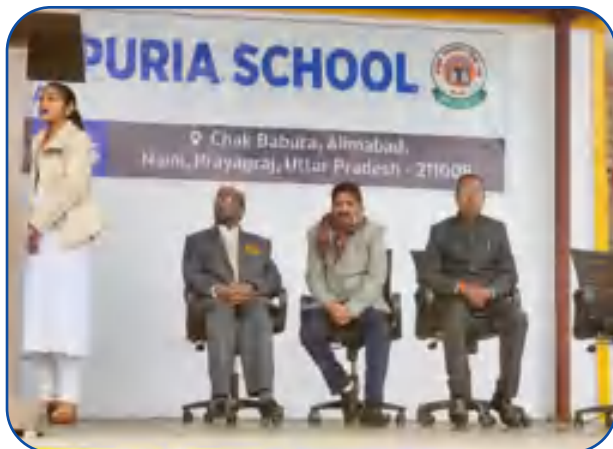

From historical monuments to natural landscapes, these trips offer rich experiences, fostering curiosity and teamwork. It's a day of joy, laughter, and unforgettable memories, making it one of the most cherished moments of the school year.

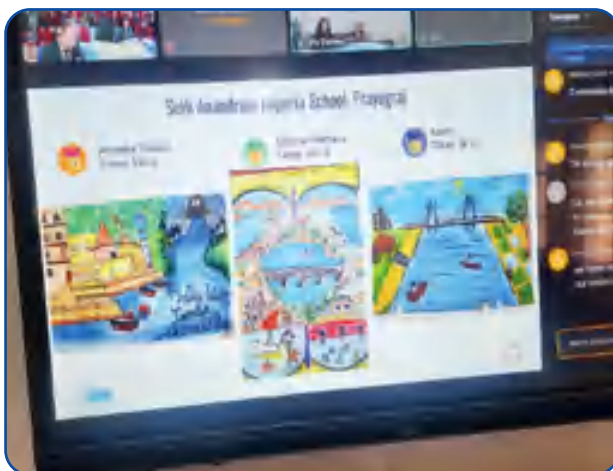

26th January - Republic Day

Celebrating the Values that bind us together

Republic Day, celebrated on January 26 each year, marks a significant milestone in a nation's history. On this day in 1950, India adopted its Constitution, transforming from a British Dominion to a sovereign, democratic republic. This occasion reflects the values of liberty, equality, and justice enshrined in the Constitution.

Celebrating Excellence : Congratulations to Winners

Parents Orientation

A Child's potential grows when parents and teachers work together as one.

Parents and Teacher Orientation is an event that brings together parents and educators to discuss the academic goals, expectations, and progress of students. It helps build a strong partnership between home and school, ensuring a supportive environment for the child's development.

The orientation provides an opportunity for teachers to share important information, address concerns, and encourage collaborative efforts to enhance students' learning experiences.

Vollyball Award Winners

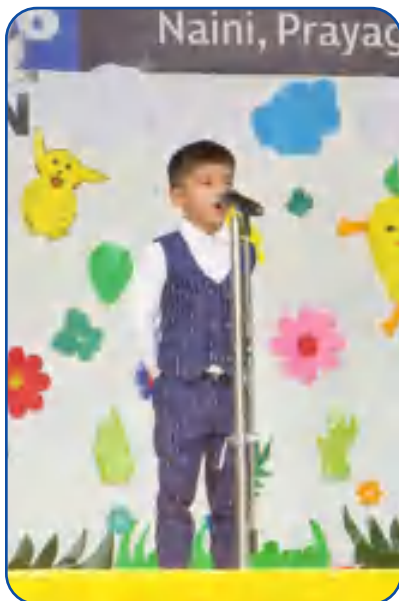

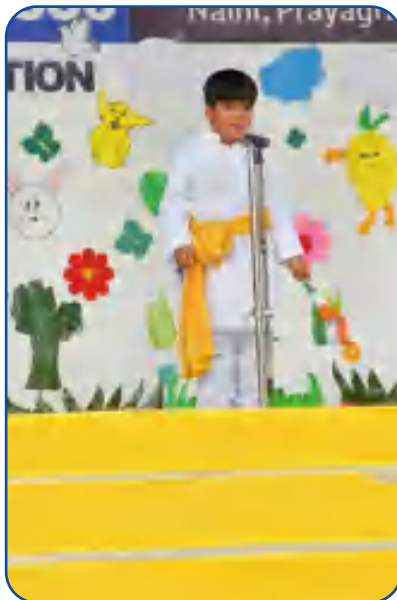

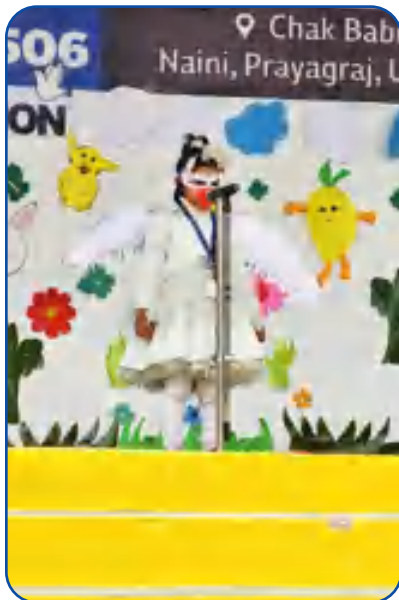

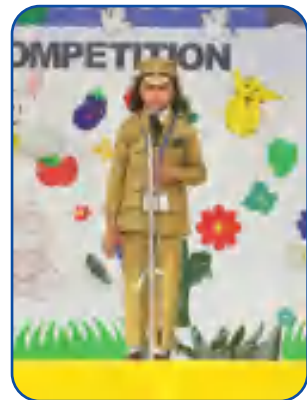

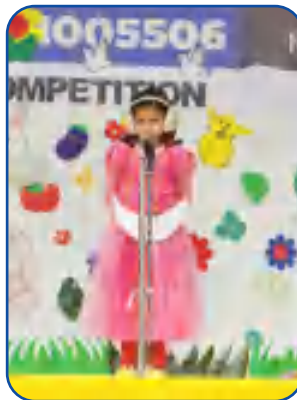

Rhymes Competition

Rhyming fun, A contest for everyone

A Rhyming Competition is a fun event where participants showcase their creativity by reciting rhymes. It encourages students to develop their linguistic skills, improve their vocabulary, and express themselves in a playful, artistic way.

The competition fosters confidence, public speaking abilities, and a love for language, making it an exciting and engaging activity for all involved.

Basant Panchami

A Day to Renew, Refresh and Rejoice

Basant Panchami, also known as Saraswati Puja, marks the arrival of spring and celebrates Goddess Saraswati, the deity of wisdom and learning. Observed with great enthusiasm, people wear yellow, fly kites, and offer prayers to seek knowledge and enlightenment.

It is a vibrant festival symbolizing renewal, positivity, and the joy of learning.
